

Dear Preschool Families,

Welcome to the Preschool Home Learning Packet!

This packet includes 2 weeks of "work from home" assignments and is designed to serve as a review and extra practice of skills previously learned. However, please monitor your child as they complete the assignments, and feel free to help your child review any pages they find challenging.

Each daily assignment consists of math and literacy worksheets. Throughout the week, your child will also work to complete their "Three-In-A-Row" assignments, which are basic skills your child needs to continue to practice. Your child can strive for getting three tasks completed in a row or go for a complete "blackout" by completing all the tasks.

In addition, **please also continue to read with your child each day** and complete the weekly reading log. Books have been provided for you.

*The assignments in this packet are **due by Friday, April 10, 2020**. Please drop off your completed packet of assignments in the school office. Completing the assignments in this packet will count toward your child's attendance.*

Other ideas to extend learning throughout the day:

- ❖ Name a letter or number and then have your child find it on mail, magazines, or packages around the house.
- ❖ Ask your child to count out a specific number of crackers or grapes for snack.
- ❖ Choose an object and then have your child find another object that starts with the same sound. (For example: if you pick t..t..table, they might pick t..t..turtle.)
- ❖ Encourage your child to make predictions and then evaluate what happened. You can ask them questions like, "What do you think will happen if we _____?" "What actually happened?" "Was it the same or different than your prediction?"

If you have any questions about the assignments in this packet, please feel free to email child's teacher or call their personal cell phone number at the number listed below. Stay safe and **remember to wash your hands often!**

Thank you for your support!
