

Adult Education Lesson Plans

Week of 5-18-20

- **Brain Gym** – Utilize 5 Minute multiplication times table worksheet to strengthen memorization skills.
- Use Internet “Lumosity.com” to practice cognitive enhancement games.
- **Math – Objective: You will utilize ONLINE WEBSITES in order to solve problems dealing with Slope, varied algebraic, and linear equations. (All Week) (individual practice)**

Strategies

*Online sources – “A+ Learning”, GED.COM, Youtube , Math-drills.com

Group– Rose, Breanna, Michelle, Annaisia, and Ashlie

*** Correlate concepts in practice**

ONLINE WEBSITES (Monday-Thursday)

***Comprehension - Individual Learning**

You will be able to translate equations into algebraic speak *or* operations dealing with linear equations

Daily Assessment:

“A+ Learning” at: (<http://demo.lrpnow.com/main/index.html>)

COMPUTER- BASED TEST ITEMS and LESSONS

- You can study and answer the question that the computer creates for you that deals with algebraic and linear equations.
- Based on the instructions of the ONLINE ASSIGNMENTS, You will *answer the question and or fill in the charts, tables, or graphs*
- Study the samples of the algebraic and linear equations.
- Answer / solve questions by showing your ability to translate equations into algebraic speak *or* operations dealing with the algebraic or linear equations).

Ask yourself:

1. How are the ideas & information presented connected to what you know & have studied?
2. What new ideas extended or pushed your thinking in new directions?
3. What is still challenging or confusing for you? What questions, wonderings, or puzzles do you have?
4. **Additional resource is youtube:**
“ Yay Math-linear equations”
