

First Grade

Dear First Grade Families:

We hope and pray you are all well. We, the first grade team, will be providing you with structured assignments. Your teacher will be contacting you to guide you in your daily assignments.

As we progress through this time, remember you don't have to completely recreate school at home. Take time to read, create, play, explore, and most importantly, foster relationships through conversations together.

- On the first-grade website there is a page with free websites students may access.
- The lesson plan is structured to keep your child engaged in learning and to prepare them for *2nd Grade!*
- **The Reader's Notebook pages and enVisions Math Assignments will be due by Friday, April 10th.** The drop off site for completed work will be at the school or you may submit the finished packet when you come to pick up lunch meals for your child.. Completing assignments will count for your child's attendance.
