

Dear Parents/Guardians,

Attached you will find a lesson plan and material to cover the next 2 weeks of online/at home learning. These assignments are designed to serve as a review and extra practice of skills previously learned. However, please monitor your child as they complete the assignments, and feel free to help them if needed. All work will be tracked for online assignments and hard copies will be collected the first day back to school. If you need extra help on how to help with a particular skill, youtube.com and khanacademy.com are great resources.

We will focus on the 3 main subjects which include Reading/ELA, Math, and Writing. With three 4th grade classes we understand that some work on lesson plan may have been completed in workbooks for one class and not the others so extra assignments are given to accommodate for those issues. For each day of the upcoming 2 weeks Monday-Friday (10 days total) we are expecting students to complete as much of the work in the 3 areas as time allows. Along with the workbooks and packets given, all websites will be found on link below.

Main Website: www.bwcs.k12.az.us/mywork/mywork.html

Reading/Writing: Think Central (Journeys) students will read weeks story on website, **Achieve 3000, Peg Writing**

Math: PearsonRealize (enVision) Students will complete interactive learning and any additional practice under the topic/lesson tab, **IXL**

Individual Class Website: www.bwcs.k12.az.us/myteacher

Students should be familiar with these sites and most have memorized their passwords and usernames but if not, please contact their teacher or visit individual class for usernames and passwords to the websites on lesson plan and please have students only sign in with their credentials so they will receive credit for their work.

Along with the work on lesson plans, we are asking that each student pick a chapter book of their choice from home to read a little each day and write a summary of what they read. When school is back in session students will be creating a poster on the book read and presenting their book poster during a book study project.

We thank you for helping during this time and we understand that there is a lot going on so if there is questions please feel free to contact us at any time over the next 2 weeks Monday-Friday from 7:30am-3:30pm. Please reach out through the emails below or for immediate response you may text or call using during the days and hours listed above. If we do not pickup due to being on the phone with another parent, please leave a voicemail with your name, your students name, your question and a good phone number so we can get back to you asap.

Thank you for your support,

4th Grade Team
