

Dear Parents/Guardians,

Hope your family is doing well and keeping safe. As you know by now, our school is working hard to change from our customary ways of teaching to remote instruction. This will require that all of us to spend time on our school web site, through email and on the phone. I know for most of us it will be a learning experience! Please be patient with us as we learn to navigate remote learning. And we will also be patient with you.

From the information I have read about home schooling, it's best to keep a regular daily schedule that fits for your family. For some of you, that might be setting aside time in the morning for students to log in and take directions from the school website, for others, your day may start later or in the evenings. When ever it is, its good practice to tune in daily and at a predictable time.

Please be sure to check your emails, because we'll also be sending links that we feel will be educational and fun for your kiddos. And please keep safe! 😊

To Our Students,

Hello everyone! Loren and I miss seeing you every week, but now we all will have to stay home to be safe until we are told by our government that it's time to come back to school.

You may think this is the longest Spring Break ever but starting soon we want you to open your packets and follow the directions every school day Monday through Friday. Soon you will have your own personal laptops and we'll be sending things for you to do online also. Then you can send emails to Mr. Hall and me with questions you might have or just to talk to us. We've got this!

linda.levan@bwcs.k12.az.us

loren.hall@bwcs.k12.az.us

Sending virtual hugs,

Mrs. Levan 😊
