In cooperation with local law enforcement, prosecutors, parents/guardians and the community-at large, our children and their teachers will be afforded the fundamental right to a safe and drug free educational environment. Arizona law A.R.S§ 13-3411 provides for stiffer penalties for those caught selling, using, or possessing drugs within 1000 feet of a school campus. Law enforcement authorities will be notified in any situation where a person is suspected of violating A.R.S §13-3411.

Student Dress Code

Blackwater Community School ("BWCS") recognizes the critical importance to promote academic achievement and a safe and secure environment. To assist in creating a positive educational environment, a standardized dress code that includes uniform styles and colors has been adopted for BWCS students. BWCS believes the dress code is in the best interests of the students for the following reasons:

1. **Climate for learning.** Standardized dress helps students focus on learning. Uniforms help set the tone of the proper work attitude in the classroom, reducing behavior problems and improving performance.
2. **Campus safety and security.** Standardized dress will help make the campus safer and more secure by eliminating gang clothing, which can also be used to intimidate or to conceal contraband. Moreover, outsiders or non-students can be easily recognized on campus. Students will be identifiable on field trips and other off-campus activities.
3. **School unity and pride.** Attractive student dress promotes school spirit, good self-image, and school unity.

Just as an athletic team's uniforms promote unity and spirit.

4. Label competition. Standardized dress eliminates "label competition" and the peer pressure to wear expensive clothing.
5. Economy and simplicity. Standardized dress styles and colors are economical. Comparisons show that Standardized dress styles and colors cost significantly less than what most parents pay for unregulated school clothing. Durability, reusability, and the year-to-year consistency cut costs. Student dress options are simplified, thus reducing the tug-of-war between students and parents over what to wear.
6. Upholding of modesty standards. Uniform clothing meets widely accepted standards of modesty, thus eliminating the conflicting interpretations of dress codes and the embarrassment that often is associated with "violations" of dress codes.

No student will be denied an education for inability to afford standardized clothes. In situations of economic need, the School will work with parents and students to resolve any family's financial inability to purchase standardized clothes.

For parents/guardians, students who wish to opt out of the dress code, the student may attend another school. Parents/guardians are responsible to provide transportation.

All BWCS students are expected to dress in the proper standard school attire. It is the parents' responsibility to ensure compliance with the dress code. All students who attend BWCS must dress in accordance with this dress code. Each student will wear the standard school clothing as authorized by BWCS. The clothing may not be altered in a manner that includes, but is not limited to, slits and shredded hems. The standard school clothing shall be:

For Boys:

1. A solid color light blue, navy, or teal collared polo shirt.
2. Khaki, navy blue, black or denim (blue) shorts/slacks. Shorts/slacks will fit at the waist. No tight fitting or baggy, oversized shorts/slacks. No designer stitching, decorations. Pockets should be flat; no extended pockets. No corduroy pants, cargo pants, or sweat pants.

For Girls:

1. A solid color light blue, navy, or teal collared polo shirt.
2. Khaki, navy blue, black or denim (blue) shorts/slacks/skirts/jumpers/capris/skorts. Clothing will fit at the waist. No tight fitting or baggy, oversized attire. No designer stitching, decorations. Pockets should be flat; no extended pockets. No corduroy pants, cargo pants, or sweat pants.

For All Students:

Outer wear is designed to be worn outside as the weather dictates. It should be removed in the classroom. At the discretion of the teacher, if the classroom is cold, students may keep their outer wear on. Students may wear windbreakers, jackets, sweaters or sweatshirts as outer wear. Jackets of different colors, patterns, and emblems are acceptable as long as they do not contain vulgar, lewd, obscene, or plainly offensive messages, advocate the use of alcohol or drugs, or make reference to or identify with gangs. Expensive jackets are discouraged, as BWCS is not liable for damaged, lost, or stolen outer wear. Outer wear may not be more than one (1) size too large for the student. Students may not wear hats inside the building.

Baggy or oversized clothing is not acceptable, and is prohibited. Clothing may not be more than one (1) size too large, to allow for one (1) year's growth. No sagging of clothing is allowed. Slacks must fit at the waist, and not drag on the ground. Shorts must not be shorter than the middle of the thigh or longer than the bottom of the knee. Skirts must not be shorter than two inches (2") above the knee. No short shorts or short skirts are allowed.

No undergarments may show. T-shirts worn under polo shirts must be white.

Any buttons, jewelry or other accessories that contain vulgar, lewd, obscene, or plainly offensive messages, including accessories that advocate the use of alcohol or drugs and accessories that make reference to or identify gangs are not allowed.

For student safety, buttons shall be no larger than three inches (3") across. Any pin used to attach a button must have a latching closure and the pin may not be longer than one inch (1"). Jewelry and other accessories may not be of such a nature that would endanger the health or safety of the student or others. Items such as spiked collars and belts, chains, or other similar items are strictly prohibited. Students may be asked to remove buttons or other jewelry for specific activities when, in the opinion of the instructor, the wearing of a button may pose a safety hazard or interfere with the instructional activity.

For safety reasons, students are encouraged to wear closed-toed shoes. Students participating in physical education

activities must have a pair of closed toed, flat shoes such as tennis shoes at school in order to participate in the programs safely. "Heelies" or any other footwear with wheels attached are prohibited.

Students not dressed in accordance with the BWCS dress code may be offered use of standard school clothing for the day, or their parents will be contacted to bring correct clothing. Students who repeatedly fail to dress in accordance with this dress code may be subject to disciplinary actions as set forth in the Student Handbook and the BWCS policy manual. No student shall be subject to discipline for failure to comply with this dress code if the reason is economic hardship.

Under extreme circumstances, BWCS will work with families to locate assistance for the student to be furnished with standard school clothing. New students who enter BWCS will have one (1) week to purchase standard school clothing. During this time period, the school will provide one (1) standard school clothing set per child.

On occasion, the Principal may allow a "dress up" day when students may wear clothing other than the standard school clothing. This will be on special occasions only. The students and parents will be notified prior to the "dress up" day. Clothing must still be school appropriate.

Backpacks for ALL students must be clear or mesh. School appropriate designs are allowed but the contents of the backpacks must be visible.

The Principal may authorize limited exceptions to this rule, on a case-by-case basis, upon the request of a teacher who would like to permit a student to bring such a device to school to be used as part of a report or other instructional activity. If a student is found with a prohibited electronic device at school, the teacher or staff member will take the device to the school office, and the parent/guardian of the student will be notified to come to the school to pick up the device. The School is not responsible for a loss of or damage to such devices.

Emergency Evacuations, Lockdowns, & Fire Drills

We practice fire drills on a monthly basis. Lockdowns are practiced once every quarter. In the event that the campus should experience a lengthy evacuation or lockdown, students and staff will be evacuated to a secure location. Parents/guardian will be notified by automated text message, robocall, and email. We request all parents/guardians provide the updated information to improve communication. Please note, at any time while the school is in lockdown, no student will be allowed to be checked out. Parents may not enter campus until lockdown is cleared.

ANTI-BULLYING PLEDGE-PARENTS

We the parents/guardians of Blackwater Community School agree to join together to stomp out bullying at our school. We believe that everybody should enjoy our school equally, and feel safe, secure and accepted regardless of color, race, gender, popularity, athletic ability, intelligence, religion and nationality. Bullying can be pushing, shoving, hitting and spitting, as well as name calling, picking on, making fun of, laughing at and excluding someone. Bullying, causes pain and stress to victims and is never justified or excusable as "kids being kids", "just teasing", or any other rationalization. The victim is never responsible for being a target of bullying.

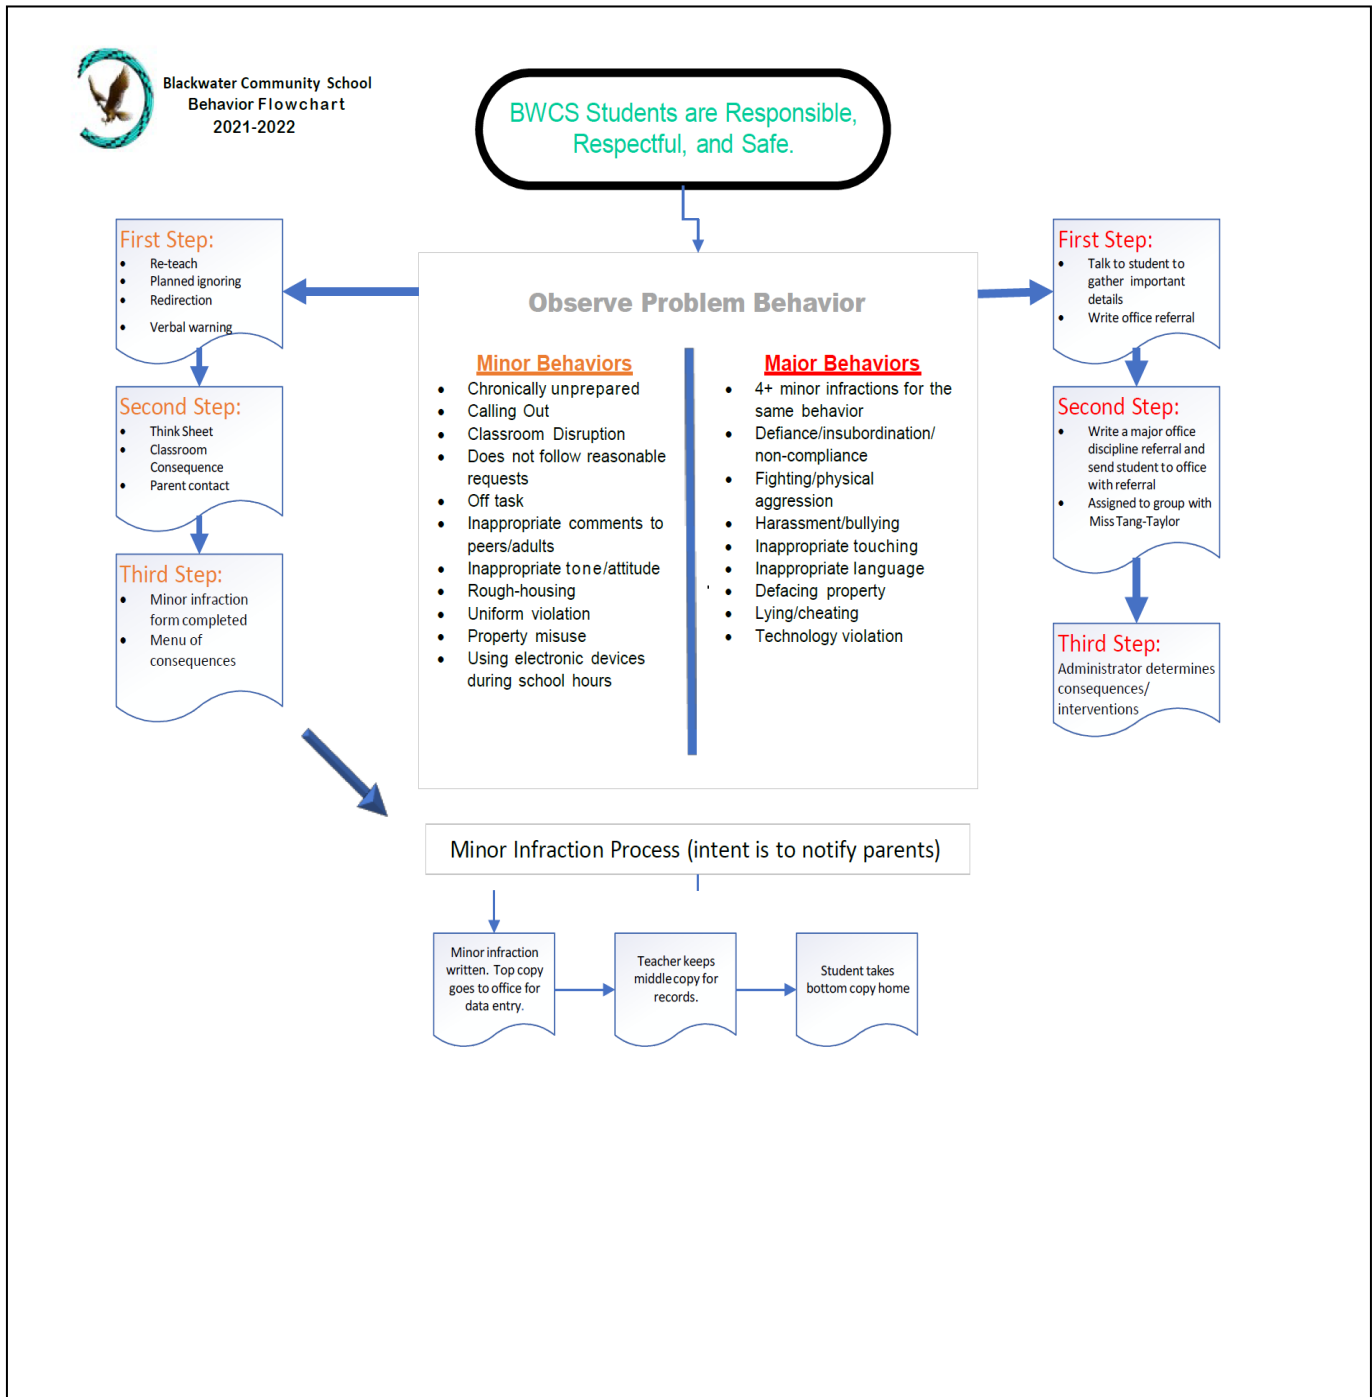

We the Parents/Guardians agree to:

- Keep our children and ourselves informed and aware of school bullying policies
- Work in partnership with the school to encourage positive behavior, valuing difference and promoting sensitivity to others
- Discuss regularly with our children their feelings about schoolwork, friendship and relationships
- Inform faculty of changes in their children behaviors or circumstances at home that may change a child's behavior at school
- ALERT school faculty if any bullying has occurred.

ANTI-BULLYING PLEDGE-STUDENTS

We the students of Blackwater Community School agree to join together to stomp out bullying at our school. We believe that everybody should enjoy our school equally, and feel safe, secure and accepted regardless of color, race, gender, popularity, athletic ability, intelligence, religion and nationality. Bullying can be pushing, shoving, hitting and spitting, as well as name calling, picking on, making fun of, laughing at and excluding someone. Bullying, causes pain and stress to victims and is never justified or excusable as "kids being kids", "just teasing", or any other rationalization. ***Please sign for this agreement on the Handbook Policy Form, admin office will keep it on file.**

Depending upon the nature of the violation, student discipline shall be progressive, i.e.; generally, a student's first violation should merit a lighter penalty than subsequent violations. School staff will take into account all other relevant factors in determining an appropriate penalty. The above penalties may be imposed either alone or in combination.

Due Process Rights

The authority to suspend a student rests with the Principal. When a **suspension for five (5) days** or more occurs, the

Principal must report it to the Board President **within ten (10) working days**.

Suspension for ten-days (10) or less. Short-term suspension, ten (10) days or less, may be used for special education students for disciplinary reasons on the same basis as for a regular education student. (It is not considered a change of placement.)

If a special education student is suspended for an accumulation of more than ten (10) days during the school year, a manifestation determination conference may be held depending upon the proximity of the removals to one another.

In all cases, except summary suspension, where a clear and present danger is evident, the student must remain in School until applicable due process procedures are instituted. In no instance will students be released early from School unless parents have been notified.

School Transportation

Safely transporting our students to and from school is a crucial priority. Children will be picked up and dropped off at the same location unless WRITTEN arrangements are made with the school office and the bus driver. In case of emergencies, telephone requests will be accepted. The office will only keep the child in the office thirty minutes after his/her designated dismissed time. If no responsible adult comes for the child, the school will notify tribal authorities.

REQUESTS FOR BUS NOTES must be received by 10:00 a.m. every day. Changes will not be made after the designated time. The school will not make any changes to the original bus schedule on file.

Bus route pick up and drop off times are scheduled as accurately as possible, and drivers are instructed to arrive safely at each stop at the designated time. Due to possible variances between individual clocks, students/parents/guardians are asked to arrive at the bus stop 10 minutes prior to the scheduled arrival time and may need to stay 10 minutes after the scheduled arrival time. In order to maintain the schedule and arrive at school/home on time, drivers cannot wait for late students/parents/guardians.

Mechanical problems or road conditions may delay bus schedules. Parents/guardians are encouraged to contact the school to confirm if the bus is late.

Bus drivers are only authorized to pick up and drop off children at designated bus stops.

Discipline on the Bus

To ensure that safety of students is the first priority; students are expected to follow established bus rules. Student behavior on the bus, which endangers the health or safety of other passengers on the bus, will not be tolerated.

If a student's disruptive behavior on the bus creates a health or safety hazard, then, depending on the severity of the student's behavior, he or she may be given a verbal warning. If after the verbal warning the student does not comply with the bus rules, the student may be denied bus transportation. A student, who is denied bus transportation, will receive a written "Suspension from Bus Transportation Notice".

Use of Video Cameras on School Buses:

Blackwater Community School Board supports the use of video cameras on school buses as a means to monitor and maintain a safe environment for students and employees. The video cameras may be used on buses transporting students to and from school, field trips, curricular events, and extracurricular events.

Field Trip Information

Field trips are an important learning experience for the children and offer enrichment activities to support the curriculum. To ensure that the children benefit from the field trip, the staff encourages parents/guardians to volunteer as chaperones.

The following guidelines have been written to help the teachers and chaperones work together during the field trip.

1. Please remember that when children are on a field trip this is an official school day and they should stay with their

class.

2. All children must ride on the bus in order to participate in the field trip because of attendance and liability issues. If a child has a doctor's appointment on the day of the trip, please make arrangements with the teacher ahead of time.
3. Parents/guardians who are volunteering as a chaperone must stay with their group as directed by the teacher.
(a) Teachers are available to help the chaperones with any child (ren) not following school rules.
4. Parents/guardians who arrive on their own to the field trip location must sign in with the teacher. Also, if parents/guardians need to leave early with their child, parent/guardian MUST let the teacher know in advance and be sure to sign out with the teacher before leaving. This request is to ensure the safety of all the children on the trip.
5. Parents/guardians who will be driving on their own must arrive at school when the buses are leaving or meet the buses at the location of the field trip at the scheduled time. The teachers will provide you with this information.
6. If you do volunteer to be a chaperone, please let the teacher know if your plans change and you cannot help. This will give the teachers time to find another chaperone. You can call the school at (520) 215-5859 even if it is the morning of the trip.
7. All chaperones must be at least 18 years old and have a finger print clearance card on file. If you are interested in receiving your fingerprint clearance card, please contact the front office staff for information.
8. No other children who are not enrolled in Blackwater Community School can ride the school bus. Chaperones may not bring other children on the field trip.
9. Teachers are available to answer any questions you may have about the field trip.

Blackwater Community School/Akimel O'Otham Pee Posh Charter School offers a healthy breakfast and lunch program to our students. The meals provided are nutritionally balanced, appetizing, visually appealing, and offer a variety of choices. The breakfast and lunch programs receive federal reimbursement to assist families and students. Program regulations clearly intend that meals served under the Child Nutrition Programs are to be served and consumed on school or school-related premises.

Grading Policy

The instructional program is designed to provide educational experiences your child needs to succeed in future school settings. Each child is allowed to progress at his/her own rate, and some children need more time and experiences to master basic academic and social skills. We have adopted the Arizona College and Career Readiness Standards

(AZCCRS) that all children must meet in order to assure success at the next levels. We believe that all students can be successful given time and resources.

Students must meet (AZCCRS) in all academic core curriculum areas to achieve the criteria necessary for promotion to the next grade level. The student's teacher will notify the parents/guardians of students who may be retained for the next school year during the third parent teacher conference or before.

A school committee will review retention related decisions on a case-by-case basis. The school Principal will make a final decision by the end of the fourth quarter and the parents/guardians will be notified.

Parents/guardians disagreeing with a retention decision can review that decision with the school Principal. If they do not find resolution with the Principal, Parents have the right to appeal directly to the School Board of Trustees.

PROMOTION, RETENTION, AND PLACEMENT INDICATORS

Standards for promotion to each grade level shall be primarily based upon mastery of the AZCCRS in core subject areas. The following indicators may be used (as appropriate) to verify that the student has mastered the necessary AZCCRS in core areas:

I. STATE

- Arizona State Assessment: AASA and Bureau of Indian Education Summative Assessment
- A 3rd grade student may not be promoted to 4th grade if the student does not perform at "Approaches" or "Meets" level as indicated on the AASA, Reading Assessment

II. LOCAL

- North West Evaluation Association "NWEA" data
- DIBELS Next Benchmark data
- Adopted Core Textbook Assessments

If State Standard Assessment does not take place for any unknown reasons school will consider the local school assessment data.

III. ATTENDANCE - A student shall be given credit for a class only if the student has made an attempt to be in attendance OR complete the virtual assignments.

EXPLANATION OF MARKS

Grades K-5 Academics / Subjects

Defining progress as movement toward mastery of the AZCCRS as required by the laws of the State of Arizona, the following grading scale applies:

A=	90% - 100%	Exceeds Standards

C=	70% - 79%	Meets Standards
D=	60% - 69%	Approaches the Standards
F=	0 - 59%	Falls Far Below the Standards

Mastery of the skills necessary for success at the next level shall be validated by assessments that may either be incorporated into units, benchmarks or may be administered separately. **Mastery of at least 70%** of the objectives shall be required.

O, S, and N will be used for Physical Education, Technology, Library and Culture.

O = 90 - 100 Outstanding Progress

S = 70 - 89 Satisfactory Progress

N = 0 - 69 Needs Improvement

REPORT CARDS

Parents will receive report cards quarterly. Current student grades or student progress may be requested at any time by contacting your child's teacher.

GUIDELINES FOR GRADING

Grades should reflect the student's academic achievement. Each teacher's grade book should contain a minimum of two (2) numerical class work grades per week in Mathematics and English Language Arts. There must be at least 4 test grades per nine-week quarter. A minimum of Four (4) Science and Four (4) Social Studies class work grades per quarter and one (1) test grade per subject per quarter must be recorded in the grade book for third through fifth grades. At least one (1) letter grade per week for Physical Education Technology, and Culture.

Makeup Work and Late Projects

Students are expected to make up assignments, projects, and tests after absences. Students shall receive a zero for any assignment, project, or test not made up within an allotted time. A student will be responsible for obtaining and completing the make-up work in a satisfactory manner and within the time specified by the teacher. A reasonable amount of time for completion of an assignment will be established by the teacher.

Special Education Students

To the extent possible, students in Special Education will follow the BWCS grading/retention procedures. Any necessary deviations will be determined by the Multidisciplinary Education Team (MET) Team and will be documented in the student's Individual Education Plan (IEP). The student's Individual Education Plan may include accommodations/modifications that enable the student to successfully meet the schools grading procedures. All students in Special Education will receive a standardized school report card. Students in Special Education will in addition receive an IEP Progress Report quarterly reporting on academics, behavior and/or instructional/ related services as determined by the student's goals and objectives. To the extent possible, it is the expectation that all students will be taught AZCCRS standards regardless of their instructional setting.

Section §504

The Section 504 Committee determines, on an individual basis, the need for instructional accommodations. Section 504 guidelines for accommodations will be followed. The implementation and monitoring of these accommodations is the responsibility of the general education teacher. Students who receive accommodations under Section 504 must follow the BWCS grading/retention guidelines. Any necessary accommodations will be determined by the Section 504 committee and will be documented in the Student Services Plan.

HOMEWORK GUIDELINES

Homework is highly encouraged to provide additional time for students to master objectives and complete long-term projects. Homework should be purposeful, adjusted to the level of the individual child, and related to specific objectives. Assignments should provide practice of skills already taught or review objectives.

1. Sufficient explanation must be given so that students know WHAT they are to do, understand HOW to do it, realize WHY they are doing it, and are MOTIVATED to complete the assignment.
2. The homework assignment must pertain to previously taught skills.
3. Homework assignments may be adapted to individual needs.
4. Homework assignments must be properly evaluated and feedback must be provided to the student. Homework MAY ONLY count for 5% of the overall grade.

In summary, if homework is carefully examined and constructed as a meaningful part of learning, it can be another step in the direction of bringing the school, the student, and the community closer together in a common interest for quality education.

Recommended homework time for Pre-K, K-2 is 20 minutes per night and 40 minutes per night for grades 3-5.

Student Academic Incentive Plans:

Internet Guidelines for User Accounts

Blackwater Community School (BWCS) offers students access to the Internet via the district computer network. The Internet is an extremely valuable educational tool which allows students access to material from millions of databases and libraries from all corners of the world. At Blackwater Community School, our intent is to use this access to achieve educational objectives for your student. Parents, however, should be aware some sites may include illegal, defamatory, inaccurate, or potentially offensive material. In accordance with federal law, appropriate measures, including the use of Internet filters and the monitoring of students' online activities, will be taken in an effort to block language and visual depictions that are obscene, offensive, lewd or pornographic.

BWCS believes that Internet access brings benefits to the educational program that exceed any disadvantage. Ultimately, parents and guardians are responsible for setting and conveying the standards that their children should follow when using any media and information sources, including the Internet. Blackwater Community School respects each family's right to decide whether to permit a student to internet access. To gain internet access, all users must sign an Acceptable Use Agreement indicating their understanding of an agreement to abide by Board policy. Students under the age of 18 must also obtain parental permission. Agreements will be returned to the student's teacher.

Student Computers/Devices

- ❖ Electronic devices are issued on a check out basis to all students in preschool-5th grade.
- ❖ Parents must sign and accept responsibility for any damage or loss to the device
- ❖ Parents must notify school if there is any technical issue with the device
- ❖ All repairs and updates must be performed by the school's authorized IT personnel

Guidelines and Responsibilities

- Internet access is available to BWCS students and staff for educational purposes only.
- Users are responsible for appropriate school behavior on school computer networks just as they are in any other school-sponsored activity. Use of these resources in violation of Board policy may result in loss of access, disciplinary action and/or criminal charges.
- Access to the Internet is a privilege – not a right. This privilege entails responsibility on the part of the users.
- Users accept the responsibility for all material received and/or stored in their user accounts.
- Users should not expect that files stored on school system servers and workstations will be private. APPENDIX A

Student Immunizations

Subject to the exemptions as provided by Gila River Indian Community and Arizona law, immunization against diphtheria, tetanus, pertussis, poliomyelitis, rubeola (measles), mumps, rubella (German measles), hepatitis B, Hemophilus influenzae (Hib) and coronavirus/COVID-19 is required for attendance of any student in the School. A student's immunization record must be submitted prior to attendance, although a student may be conditionally enrolled provided that necessary immunizations have been initiated and a schedule has been established for completion of the required immunizations or the student has met the exemption from immunization.

Any child is in compliance with the required immunizations if the child has met the criteria of the appropriate immunization schedule as recommended by the Department of Health Services or is actively in the process of meeting such criteria as evidenced by having received one dose of each of the required immunizations and has established a schedule for completion of the required immunizations.

Upon enrollment, the School shall forbid attendance of any student who fails to comply with the immunization schedule or exemption from immunization and shall suspend such student in accordance with this Policy Manual, except that a homeless student shall not be suspended from attendance until the fifth calendar day after enrollment.

Any student with serologic confirmation of the presence of specific antibodies against a vaccine-preventable disease shall not be subject to immunization against that disease as a condition for attending school.

The School will cooperate with Tribal, county and State health departments in programs of immunization. Parents' permission must be secured before a student may participate in such immunization projects.

Students may be given immunizations at School, however, before immunizations are given, a parent or guardian shall read and sign a consent form.

The admitting official shall deem the student to be in compliance with the required immunizations if:

- The student's immunization record complies with the documentary proof required pursuant to A.A.C. R9-6-703, and the student has received or is in the process of receiving all required age-specific vaccine doses; or
- An exemption from immunization is submitted in accordance with the procedures set forth in A.A.C. R9-6-705. When the student's immunization records are not available at the time of enrollment, the School shall provide the responsible person with the following:
 - Notification of the lack of compliance with the immunization requirements;
 - A written notice that specifies when the required doses shall be completed, the availability of exemptions to immunization, and refers the student to a physician, Tribal or local health department, for review of the student's immunization history and provision of immunizations as needed; and
 - Notification that the student is suspended until an acceptable immunization record that meets the standards of documentary proof is presented to the School. If the record is not provided within ten (10) days, a hearing will be scheduled to determine the extent of the suspension.

When immunization records are presented that do not comply with the standards for documentary proof, the School shall:

- Notify the responsible person of the lack of compliance with the immunization requirements; and
- Obtain a review and verification of the student's immunization record by or in consultation with a certificated School nurse, a public health nurse, a licensed physician, or an authorized representative of a local or Tribal health department.
- If the admitting official is unable to verify the accuracy of the student's immunization record pursuant to the preceding paragraph, the School shall provide to the responsible person:

- A written referral to a physician, Tribal or local health department for further review of the student's immunization history and provision of immunizations as needed; and
- Notification that the student is suspended until an immunization record that meets the standards of documentary proof is presented to the School. If the record is not provided within ten (10) days, a hearing will be scheduled to determine the extent of the suspension.

The School shall maintain a current list of students without evidence of immunization or immunity to the diseases, which shall include the names of all students with incomplete immunization histories or exemptions for personal or medical reasons where evidence of immunity has not been provided.

The School shall forbid attendance by any student lacking proof of immunization or immunity against any of the immunization-preventable diseases as determined by the State or Federal Department of Health Services, Tribal or local health department during periods of outbreaks of the diseases for which immunity is lacking. The announcement of an outbreak of disease and the length of the period of communicability shall be as declared by the Federal, State, Tribal or local health department.

Standards for Documentary Proof

Proof of immunity to the diseases listed in A.A.C. R9-6-701 shall be documented by the following:

- An immunization record, which includes:
 - Name of the student;
 - Birth date;
 - Type of vaccine administered;
 - Month and year of each immunization, except for MMR, for which the month, day, and year is required; and
 - Name of the physician or health agency administering the vaccine; or
 - Laboratory evidence of immunity.

Immunization records or statements of immunity shall be signed by a physician or authorized representative of a health agency.

Exemptions to Immunizations

- ✓ Students who have reached their fifth birthday shall be exempt from the Hib immunization requirement.
- ✓ Students who have reached their seventh birthday shall be exempt from the pertussis immunization requirement.

Any student with laboratory evidence of immunity shall not be subject to immunization against that disease as a condition for attending school, provided that such evidence is submitted to the School.

Documentary proof is not required for a student to be admitted to School if one of the following occurs:

- The parent or guardian of the student submits a signed statement to the School Principal stating that the parent or guardian has received information about immunizations provided by the Department of Health Services, understands the risks and benefits of immunizations and the potential risks of non-immunization, and that, due to personal beliefs, the parent or guardian does not consent to the immunization of the student.
- The School Principal receives written certification, signed by the parent or guardian and by a physician, that states that one or more of the required immunizations may be detrimental to the student's health and indicates the specific nature and probable duration of the medical condition or circumstance that precludes immunization.

An exemption pursuant to the preceding subparagraph is valid only during the duration of the circumstance or condition that precludes immunization.

If a medical exemption is granted, it shall be defined by the grantor as either permanent or temporary.

- A permanent medical exemption may be provided for one or more vaccines.
- A temporary medical exemption shall specify the date of its termination. A student with a temporary medical exemption shall be allowed to attend School on the condition that the required immunizations are obtained at the termination of the exemption. The responsible person shall be notified of the date by which the student shall complete all required immunizations.
- Any exemption granted shall be recorded on the School immunization record in the student's permanent file.

Students who lack documentary proof of immunization shall not attend School during outbreak periods of communicable immunization-preventable diseases as determined by the Department of Health Services or local health department. The

Department of Health Services or local health department shall transmit notice of this determination to the School Principal for the exclusion of the students.
